3:05 – Select Board's Meeting – July 24, 2014 Work Session

Select Board present: Chairman Roy Fanjoy and Selectman Johnson, Road Agent Emmett Bean and Planning Board Member Jere Buckley.

This was a work session between the Select Board and the Road Agent. The meeting started at the corner of Deer Meadow Road and Windsor Terrace.

The snowplow turnaround at Map 10-1-49 was discussed. Pins were not able to be found. With Map 10-1-64 owner Lew Wescott, the Town right-of-way was determined. This comes to approximately 24 feet from the center of the road. A line can be created from telephone pole number 8M/1 Public Service to the first oak tree on the west boundary of Map 10-1-64 approximately 10 feet north of the road. Selectman Johnson will create a memorandum of understanding to be signed by the Town and Mr. Wescott regarding this right-of-way so that this area will be kept open for winter plowing purposes.

The meeting moved to 51 Clothespin Bridge Road. Discussion moved to drainage problems. Water comes downhill from Pleasant Street Extension to Clothespin Bridge Road, sometimes in too much volume and speed, and causes wash outs. Options were reviewed. Short discussion with the property owner was included. Meeting adjourned at 5:05 p.m.

Roy E. Fanjoy, Chairman
